HELP PRIORITIZE SCHOOL FACILITIES BOND PROJECTS

In June 2018, voters in the Monterey Peninsula Unified School District overwhelmingly approved Measure I, a \$213 million school facilities bond, with a 70% favorable vote. This funding allows the district to provide critical repairs for 21st century classrooms. Specifically, revenue from this bond will provide up-to-date science, technology, engineering, arts, athletic and math classrooms and school facilities to keep pace with learning needs. Join us in a one-hour meeting to provide input on how you'd like to see the money spent.
